

## ready to assemble lecterns

Our RTA Lecterns offer the widest array of affordable, attractive Presentation solutions available. Built with thermofused laminate in multiple color choices, with easy to assemble CAM style fasteners, they will last & last in a huge choice of venues.

The **#6010 Sound & #600 non sound Aristocrat Series** feature contoured T Mold edging, sleek designs, & multiple storage options. Rolling on locking caster wheels for portability, they are perfect for most upscale environments.

The **#222 Full Floor Lectern** & it's sister model; the **#22/112 two piece combo unit** are the workhorse of the RTA series. Also available in a variety of color choices, with easy assembly, these popular Lecterns can be found in tens of thousands facilities nationwide. Furniture grade casters included on some & optional on others, with great storage capacity, & an ingenious assembly system on the combo unit, you are sure to be pleased with these great options.

Which facility does not have one or more of the OS® **#70 Speaker Stand Lectern**, or it's more upscale Veneer version; the **#75?** With hundreds of thousands of units sold over the last 15 years, these basic yet functional & attractive, space saving solutions are a must for every classroom, Worship Hall, conference room & a myriad of other venues.
